

DIMONOFF

Jostran LAMONTAGNE Vice President Sales & Marketing, Associate

Jostran Lamontagne is Vice President of Sales & Marketing and a shareholder at Dimonoff and Amotus, where he contributes to the development of connected and secure solutions in smart street lighting, intelligent parking, and custom IoT systems for businesses.

A mechanical engineer with an MBA and finance background, he brings extensive international experience, having led telecom projects across Europe and later managing an engineering firm for ten years. He combines strategic vision, technological expertise, and strong leadership to drive innovation and support the growth of smart city initiatives across North America.
